This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

REMARKS.

For the fourth consecutive report of the treasury department, the treasurer is obliged to report an increase in the net indebtedness of the state, the exact amount of such increase being as follows:

For year ending May 31, 1905 . . .	$171,191.31
For year ending May 31, 1906 . . .	109,175.28
For 15 months to August 31, 1907 . . .	229,996.63
For year ending August 31, 1908 . . .	62,766.68
A total increase of	$573,129.90

The tendency of legislation in recent years has been toward liberality in appropriations, without a corresponding increase of revenue. The following statement exhibits the increase in the state's expense account for the past ten years:

EXPENSE ACCOUNT.

Year ending May 31, 1899	$598,205.13
Year ending May 31, 1900	472,995.08
Year ending May 31, 1901	587,344.18
Year ending May 31, 1902	538,771.89
Year ending May 31, 1903	766,712.13
Year ending May 31, 1904	675,508.28
Year ending May 31, 1905	752,899.06
Year ending May 31, 1906	837,140.24
15 months to August 31, 1907	1,129,973.67
1 year to August 31, 1908	968,589.69

For the year covered by the present report, the credits to the towns on account of corporation taxes, etc. (see table in appendix pages 348-355), amounted to $816,634.19. The state tax collected

Digitized by Google

was $500,000. Net balance in favor of towns, $316,634.19 which was paid in cash, while the state issued $150,000 of bonds to pay its obligations, and increased its indebtedness $62,766.68. The results for the next year will show a still further increase of the debt, for the expense of a legislative session must be met and considerable sums already appropriated for the construction of a sanatorium, state hospital and state armories, will be called for, and will appear in the next year's expense account.

How long can the state afford to permit these conditions to continue?

In previous reports I have repeatedly urged the repeal of all standing (annual) appropriations, and the substitution of a general appropriation bill, or bills to provide for the necessities of the several departments of the state government and state institutions.

I am convinced that in no other way can the legislature fully realize what the necessities of the state actually are and intelligently provide for them.

$435,000 of state bonds mature between July 1, 1909 and July 1, 1913, and the state should meanwhile be accumulating funds to redeem them at maturity.

THE BENJAMIN THOMPSON FUND.

By the terms of the will of the late Benjamin Thompson, and the act of the Legislature accepting the estate, the twenty year term of the trust will expire January 30, 1910 (almost one year before the Legislature of 1911 will assemble).

Upon that date the fund which was originally $363,823.32 will, with its accumulations, amount to $797,181.67 and thereafter, the state will be required to pay annually to the N. H. College of Agriculture and the Mechanic Arts, four per cent. on the latter amount, $31,887.27.

I would respectfully recommend that provision be made for the payment of the same in quarterly or semi-annual installments as may be deemed advisable. As interest will have been computed upon the fund to January 30, 1910, I would suggest

Digitized by Google

that quarterly payments be authorized on the first days of May, August, November and February, or semi-annual payments on the first days of August and February.

LEGACY AND SUCCESSION TAXES.

This department of the state treasury has been in charge of Joseph S. Matthews who has conducted it with ability and with satisfactory results.

In the annual report of this department September 1, 1907, it was stated that 763 cases were on file unadjusted.

850 cases have been filed and indexed during the year, making a total of 1613 cases to be accounted for.

628 cases have been adjusted, 434 of which contributed $80,469.42 to the revenue account and 194 were exempt. 985 cases remain unadjusted September 1, 1908.

In addition to the foregoing cases which have been filed and indexed, a very large number of statements by executors and administrators containing lists of heirs and relationship have been received and filed but have not been numbered and indexed, for the reason that they showed that the estates were exempt.

The labor involved in the administration of the inheritance tax law is rapidly increasing, and in my judgment the appropriation for this department is insufficient.

STATE HOSPITAL BONDS.

The Legislature of 1907 authorized the issue of $150,000 of 3½ per cent. bonds to provide additional accommodations at the State Hospital.

The bonds were prepared, dated July 1, 1907, payable July 1, 1927, with the purpose of sale and delivery July 1, 1907, at which time they could have been disposed of at a small premium.

The condition of the bond market at that date was such that it was not deemed advisable to offer the bonds, and they were held for more favorable conditions.

Digitized by Google

Meanwhile contracts had been made by the hospital authorities, and payments upon the contracts became due. By direction of the governor and council, on January 20, 1908, the treasurer, by newspaper advertisements, offered the issue to citizens of New Hampshire, at par and accrued interest, preference being given to subscribers for small amounts, from $1,000 to $5,000.

The issue was largely over-subscribed, and the bonds were awarded by lot, and all were delivered and paid for, with one and one-half months accrued interest to February 15, 1908.

Solon A. Carter
Treasurer.

AUDITOR'S REPORT.

CONCORD, N. H., September 1, 1908.

To His Excellency the Governor, and the Honorable Council:

The law requiring a committee of the honorable council and accountant to make an annual audit of the accounts of the state treasurer, has been complied with, and their report for the fiscal year ending August 31, 1908, is herewith submitted.

We find that all the revenue due the state from the various sources has been collected and duly credited on the treasurer's books, and that all disbursements made by him are in compliance with the laws governing the same and are correctly entered and vouchers for all are on file.

The business of the important office has been carefully and correctly performed in a manner very creditable to Treasurer Carter and to his able assistants.

Cash on hand Aug. 31, 1907	$121,306.35
Receipts for fiscal year ending Aug. 31, 1908 .	1,868,576.39
	$1,989,822.74

DISBURSEMENTS.

For fiscal year ending Aug. 31, 1908 . .	$1,839,824.10
Cash on hand Aug. 31, 1908	149,998.64
	$1,989,822.74
